

Admission Advisory
Undergraduate Admissions 2023-24

Candidates seeking admission to various Programs of University of Delhi for the academic year 2023-24 are hereby issued the following Advisory:

1. The candidates who wish to seek admission to various Programs and Colleges of the University will have to appear in CUET(UG)-2023 as well as fill the Common Seat Allocation System-Undergraduate, 2023 form (CSAS (UG)- 2023) of the University of Delhi (to be released).
2. While filling the CSAS (UG)- 2023 form, the candidates will have to give preferences for combination of Program + College.
3. It has been observed by the University that at times candidates opt for Programs with the sole purpose of taking admission to a certain College despite having any prior knowledge or proficiency that is required for pursuing the program/area of study. For example, for pursuing certain language related programs, working knowledge/ proficiency in reading and writing in the specific language could be a prerequisite.
4. Therefore, before giving the preferences on the CSAS(UG) 2023 portal, the candidates are advised to go through the syllabi of all the Programs in which they wish to join the University, if offered.
5. It may be noted that admissions at the University of Delhi are based strictly on the CUET merit score, and preferences opted by candidates. Admission once confirmed/ freeze to any Program will not be changed during the course of study.
6. Candidates must refer to admission website of the University for all updates and information, www.admission.uod.ac.in
